

ATTACHMENT B

REMARKS

By the present amendment, and without addressing the arguments of the Examiner which will be addressed should Applicants file divisional applications on the non-allowed claims, Applicants have amended the present application by canceling the non-allowed claims without prejudice, and maintaining only those claims considered allowable by the Examiner. As a result of the present amendments, Claims 42-53, all considered allowable in the previous Official Action, are the only claims remaining in the application, and accordingly, the application has been placed in condition for immediate allowance.

In light of the amendments and arguments as set forth above, Applicants submit that the present amendment should be entered so as to make the present case allowable, and entrance of the amendment and allowance of this case is earnestly solicited.
